

Seasons

(continuous learning through observation in each season –
please see Science Big Book)

There are four seasons:

Spring, Summer, Autumn and Winter.

The length of a day varies depending on the season.

I can observe changes across the four seasons.

I can observe and describe weather associated with the seasons and how
day length varies.

Gathering and recording data to help answering questions.	Observing closely using equipment.
Answering simple questions and recognising that they can be answered in different ways.	Using observations and ideas to give answers to questions.
