

Year 1 Spring term 1 2024

Welcome back after the Christmas holidays, we hope you had a restful break. Here is an overview of our learning for this half term

History- we are learning about Toys, we shall be looking at changes seen, within our lifetimes, of toys and teddies. We are also going to be visiting the Toy Museum in Newarke Houses museum, Leicester on Tuesday 11th February.

In English we are looking at the texts Beegu by Alexis Deacon and The Odd Egg by Emily Gravett.

We will be writing instructions, Missing posters, party invitations, letters and descriptive sentences. In grammar we will begin to use conjunctions in our sentences by putting sentences together with “and”, “but” and “or”.

The Science topic for this term is “Materials” and we can use this to look at toys, investigating the most suitable material for Teddy’s umbrella. We would encourage you to talk at home about what things are made from and why, thinking about the properties of materials that make them suitable for certain purposes.

In Maths we are looking at Place Value to 20, addition and subtraction with numbers to 20, using counting on and number lines. We shall be measuring using standard and non-standard measures for height, weight and capacity. You can help your child by providing

opportunities for them to add and take away using coins, pasta, or any other counters and encouraging them to make their own number lines on paper on with chalk outside.

Our first RE topic is about ‘Special People’, both in our community and our church. You may find it helpful to talk about why people are special and how we can all play a part in our community and church. The second RE topic is ‘Special Meals’ and we will look at the Last Supper as a special meal that Jesus shared with his Disciples and we continue to share in at the Eucharist in church.

The topic homework for this half term is to make a toy or game for our class toy museum. Please bring this in by Monday 22nd January.

I also encourage you to help your child's reading and phonics progress further and check out these phonics sites.
