

The United Kingdom

The United Kingdom is made up of Northern Ireland, England, Scotland and Wales.

Key Vocabulary

continent

A very large area of land that includes all the islands with it. There are seven continents.

ocean

A large area of sea. There are five oceans in the world.

equator

It is an imaginary line around the centre of the earth that divides it into the northern and southern hemispheres

pole

These are the most northern and southern places on the planet.

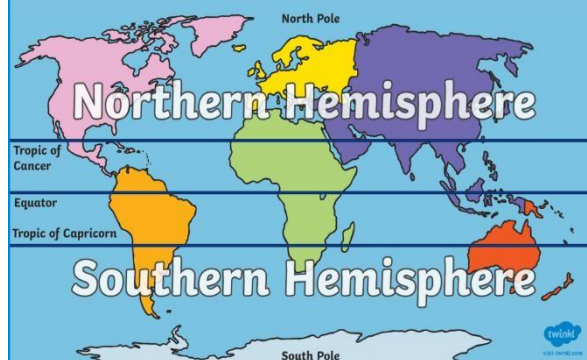

weather

Weather is a description of what the conditions are like in a particular place. For example, it could be: hot or cold; wet or dry; windy or calm; stormy, with thunder and lightning
