

## Year 1 Lent term 2 2026

English: In English we shall be looking at the text Stanley's Stick by John Hegley. We will be using our imagination to think of ways we can use our sticks and writing about this.

In Maths we are looking at Place value to 50. Please use the 100 square I am sending home to practise number recognition and counting to 50. You can practise finding 1 more and 1 less than numbers to 50. In Maths we are also going to be learning about measurement. We will learn about length and height. We will measure in non-standard units as well as CM and M.

In Science we are finishing off our topic about animals looking at carnivores, herbivores and omnivores. We will also be looking at the seasonal changes during Spring.

Our RE topic this half term is Desert to Garden, this moves us toward Easter as we think about changes around us and within ourselves during Lent.

**World book day** - Friday 6th March. As a whole school we will be celebrating World book day by dressing up and talking about books. Separate details will follow about this. Please check Class dojo and your emails. We will also be visiting Hinckley Library on Wednesday 5<sup>th</sup> March 1:15-3pm - please let me know if you are able to help with this visit.

In Art we are learning about monochrome artwork and focusing on the artist- Zaria Forman and her artwork piece- 'Wilhelmina Bay Antarctica'. Children will learn how to control the pencil, create tone in various stages of light and dark and explore hatching and cross hatching.

Many thanks Mrs Crowley
